
LPN interview questions

This **LPN (Licensed Practical Nurse)** interview profile brings together a snapshot of what to look for in candidates with a balanced sample of suitable interview questions.

LPN Interview Questions

Licensed Practical Nurses (LPN or LVN) provide basic patient care under the supervision of registered nurses (RN) or physicians. Their role is closely associated with human aspects of nursing like helping patients bathe. They may work in hospitals or nursing care facilities, most commonly in long-term care. Requirements for licensing and allowable duties vary from state to state, so make sure you learn as much as possible about the candidate's background.

LPNs usually have limited decision-making duties. Yet, they need some [critical-thinking](#) to communicate important information about a patient's condition. Great candidates will show a clear understanding of their position's importance and ample motivation. They'll be knowledgeable about daily procedures and possess excellent communication skills.

Use the following questions to help you evaluate candidates' qualities. You can include relevant questions about experience in a specialized field or procedure. Questions about your facility are a good way to assess how interested candidates are in the position.
